

SID 2020

Sibiu Innovation Days

26 - 27 November, Sibiu - RO

Dear Hackathon competitors,

The platform which will be used for communication / chat will be platforma Slack, and Google Meet will be used for video conferencing.

On Wednesday, 25.11.2020, at 19:00 all participants, together with the technical team, will meet on the Meet link: <https://meet.google.com/mch-bqsi-eki> . Each of the teams will make a brief presentation of the functionalities implemented until then, and what they intend to do next.

On Thursday, 26.11.2020, at 10:00, on the same Meet link (<https://meet.google.com/mch-bqsi-eki>), will be the official opening of the Hackathon contest. Each team will individually receive from the technical team a task that expands the existing application, and which will have to be implemented during the 7 hours of competition.

At the end of the Hackathon, on Thursday at 17:00, the teams must have committed (on Github) the latest version of the application sources and .ppt presentation of the project. Next, each team will present their solution on the official Google Meet link (<https://meet.google.com/mch-bqsi-eki>), with 15 minutes to present the project and then 5 minutes of Q&A.

Each team must create a public repository on Github and give a share link via email (at ionela.maniu@ulbsibiu.ro), deadline 25.11 at 18:00

Good luck to all teams!
